

PAUL CHAUVEAU

Student in Computer Security seeking Internship (4 to 6 months)

Personal Information

-  10/01/2001, La Rochelle, 17000
-  French Nationality
-  29, Rue Bontemps, Talence, 33400
-  +33 6 78 88 99 17
-  chauveaupaul17@gmail.com
-  linktr.ee/paul_chauveau_33

Technical Skills

-  C, Python, Bash, Java, ASMX86
-  $\LaTeX$, Markdown, HTML, LibreOffice
-  GNU/Linux (Debian), MS Windows, QEMU, VirtualBox
-  Git, VS Code, JetBrains Suite

Soft Skills

-  Teamwork, Collaboration
-  Curiosity, Initiative
-  Organization
-  Driving License (Category B)

Languages

-  French: Native
-  English: B2/C1, trips in the UK
-  German: A2, trip to Berlin

Hobbies

-  Cycling
-  Programming
-  Literature
-  Cinema
-  Sailing

EDUCATION

Cryptology and Computer Security

UNIVERSITY OF BORDEAUX SEPTEMBER 2023 – PRESENT
Master's 2 in Mathematics and Computer Science

Post-quantum cryptography:

- Error-correcting codes: McEliece, BIKE
- Lattices: Kyber, Dilithium, Falcon

Differential, linear, and algebraic cryptanalysis (Python + SageMath)

Smart cards: Side-channel attacks, fault injection

Network security: PKI, TLS, IPSec, authentication

Master's 1 in Mathematics and Computer Science (Merit)

Cryptography: Factoring, discrete logarithm-based methods

Formal calculations: Factorization, Gröbner bases (Python + SageMath)

Software security: Stack-buffer overflow, string bugs, memory corruption

Operating Systems (UNIX), technical English

Gap Year

TALENCE & PESSAC FEBRUARY 2022 – SEPTEMBER 2023

Civic Service at Etu'Récup, an associative recycling organization

Campus Volunteering, Co-Vice Presidency of Alt- Association

Operational Research and Decision Support

UNIVERSITY OF BORDEAUX SEPTEMBER 2021 – JANUARY 2022
Semester 1 of Master 1 in Mathematics – Distinction

Graph algorithms, linear programming, JUnit for Java, statistics

Bachelor's in Mathematics

UNIVERSITY OF POITIERS SEPTEMBER 2020 – MAY 2021
Mathematics and Computer Science Pathway – Distinction

Multivariable calculus, numerical analysis (Scilab)

Java, design patterns, databases, Symfony (PHP), English

Bachelor's Years 1 & 2

UNIVERSITY OF POITIERS SEPTEMBER 2018 – MAY 2020
Reinforced Mathematics Pathway – Distinction

Linear algebra, analysis, electronics, OCaml, English

Electromagnetics project (team of two), oral presentations

WORK EXPERIENCE

Credit Agricole GIP

Journée d'immersion au Secure Operation Center (Level 3)
GRADIGNAN NOVEMBER 2023

- Introduction to SIEM systems, IOC parsing

XLIM Laboratory, UMR CNRS 7252

Bachelor's Internship

POITIERS MAY 2021 – JULY 2021

- Created quizzes on computer graphics
- Proposed practical assignments in C++ (Master's level)

PROJECTS

Solving Company

BORDEAUX AND SURROUNDING AREAS MAY 2024 – PRESENT

- Implemented ANSSI technical guidelines for website security
- Ensured GDPR compliance for health data processing
